CHARGE TO UMTRI STEERING COMMITTEE

The Steering Committee should assure responsibility for all matters affecting UMTRI, especially the following:

1. Provide policy guidance to the UMTRI director, particularly in long-term planning, development and implementation of strategies to realize long-term development goals.
2. Assist the director of UMTRI in arranging joint appointments and other interactions for UMTRI primary research staff with teaching departments.
3. Conduct an annual review on UMTRI's sources of funding, the distribution of funding across sources, and the allocation of funds not specifically allocated to projects (e.g., funding that supports the library, administrative support, telephones, new initiatives, etc.), and solicit input from Steering Committee.
4. Assist in the determination of sources of grant and contract funds in an effort to detect potential funding difficulties.
5. Conduct an annual review of UMTRI activities and make recommendations on ways to correct any problems.
6. Review recommendations of appropriate committees and advise the UMTRI director on personnel matters concerned with establishment of positions, recruitment, promotion and termination of primary research as well as faculty with joint appointments.
7. Upon request, review recommendations from various UMTRI committees, such as those dealing with space, equipment, student involvement, library, and advise the UMTRI director of appropriate actions to be considered.
