## University of Michigan Institutional Autonomous Systems Committee Unmanned Aircraft System Flight Log Report

Each outdoor UAS/sUAS flight associated with an approved University of Michigan (U-M) Institutional Autonomous Systems Committee (IASC) application must be logged by the Pilot in Command (PIC)/remote Pilot in Command (rPIC) and this information provided to the IASC. This form is meant to log multiple flights for a single aircraft on a single date at one location.

The U-M is required to report data to the FAA monthly on each flight conducted under the U-M's Section 333 Grant of Exemption/COA; when applicable, data from this form will be used for the monthly report to FAA. In addition, there are reporting requirements for certain abnormal flight operations and incidents/accidents/mishaps for flights conducted under a COA or under Part 107, as noted in the final section of this form.

## PLEASE COMPLETE ALL REQUIRED FIELDS BELOW. Submit this completed form to IASC.Review@umich.edu within two days of flight conclusion.

IASC Approval Holder (Name of IASC Applicant)	Contact Information (Email and Phone)
Name of Pilot in Command (PIC or rPIC)	Contact Information (Email and Phone)
sUAS remote PIC FAA airman certificate number	
FAA Protocol Used for Activity	
14 CFR 107 (Part 107)	
U-M's Section 333 Grant of Exemption/CoA	
An external Section 333 Grant of Exemption/CoA	
Section 336 (e.g., as a "hobbyist," for educational pu	rposes, or as part of a team)
Aircraft Registration Number	
UAS/sUAS Type and Model	
Operating location (i.e., common name, city/state, and la	atitude/longitude)
Date of flights in this report	

Number of flights on this date
Length of time for each flight (e.g., 2-4 minutes each)
Total aircraft operational hours (e.g., 1.25 hours)
Start time and stop time
Take off or landing damage, if any (please describe):
Equipment malfunctions, including but not limited to:
On-board flight control system
Navigation system
Power plant failure in flight
Fuel system failure
Electrical system failure
Control station failure
None
Other
Description of the equipment malfunction indicated above:

Incidents / Accidents / Mishaps  IF YOUR OPERATIONS ARE UNDER PART 107: As specified in 14 CFR 107 (Part 107): Accidents meeting the criteria of (a) or (b) below must be reported to the by the remote Pilot in Command within 10 calendar days at https://www.faa.gov/uas/report_accident/ In addition, certain sUAS accidents must also be reported to the National Transportation Safety Board (NTSB). www.ntsb.gov.  Indicate whether an accident meeting the Part 107 criteria of (a) or (b) below occurred during the flights logged in this report:  a. Serious injury to any person or any loss of consciousness, or  b. Damage to any property, other than the small unmanned aircraft, unless one of the following conditions is satisfied: 1) The cost of repair (including materials and labor) does not exceed \$500, or 2) The fair market value of the property does not exceed \$500 in the event of total loss.  c. Neither of the above occurred during the flights included in this report.  If you checked either (a) or (b) above, please provide the following information:  Has this accident already been reported to the FAA? If yes, provide the date of your report.	flight, if any:	,.

	If you checked either (a) or (b) above, please provide the following information:	
Location of accident:	Has this accident already been reported to the FAA? If yes, provide the date of your r	report.
	Location of accident:	
Date and time of accident:	Date and time of accident:	

Person(s) injured and extent of injury, if any or known:
Property damaged and extent of damage, if any or known:
Description of what happened:
Was the accident above reported to your School/College/Unit Safety Committee?
Please describe any other incidents, accidents, or mishaps that occurred during the flights logged in this report:
IF YOUR OPERATIONS ARE UNDER A <b>SECTION 333 GRANT OF EXEMPTION/COA</b> : You must notify the U-M and the FAA <b>within 24 hours</b> of all accidents/mishaps where any of the following occurs:

fatal injury, serious injury, total unmanned aircraft loss, substantial damage to UAS airframe, power plant, or onboard systems requiring repair before further flight, or damage to property other than the unmanned aircraft. Initial reports to the FAA must contain the information identified in the COA On-Line Accident/Incident Report. Review the COA for additional reporting requirements. Contact the IASC at 734-936-3934 or IASCreview@umich.edu for assistance.

## **END OF FORM**

Please save and submit to IASC.Review@umich.edu within two days of flight conclusion.
